

NEW PRODUCT SHOWCASE

Economy In-Line Lubricator

This lightweight zinc and polycarbonate lubricator is designed to be installed at the tool, to deliver lubrication directly to the tool itself rather than to the hose.

- For intermittent use on piston-driven tools, such as nailers and staplers.
- Protects air tools by providing a continuous level of lubrication directly to the tool.
- Clear polycarbonate bowl allows users to easily monitor oil level.
- Lightweight and compact.

Description	Model
1/4" NPT In-Line Lubricator	40024
1/4" NPT In-Line Lubricator, Display	40024-DL

Safety Rubber Tip / Ready-to-Use on Four Blow Gun Styles

Our new patent-pending Safety Rubber Tip combines OSHA compliance with a non-marring material, resulting in a tip which meets or exceeds OSHA standards but is still safe to use around delicate or finished surfaces.

- OSHA Compliant.
- Non-marring; safe for use around molds and other delicate surfaces.
- For fine woodworking, molds and automotive or industrial finishing.

Description	Model
Safety Rubber Tip only	ST16
Safety Rubber Tip, Display	ST16-DL
600 Series Blow Gun w/ Safety Rubber Tip	600-SR
700 Series Blow Gun w/ Safety Rubber Tip	700-SR
In-Line Blow Gun w/ Safety Rubber Tip	640-SR
771 Series Blow Gun w/ Safety Rubber Tip	771-SR

Air Bullet Blow Gun

This unique push-to-activate blow gun easily blows out lines, pipes, tubes, and other hard-to-reach areas. Can also be used as a standard blow gun by pulling back on the knurled nozzle; air flow stops when user pulls the gun away and/or knurled nozzle slides back into place.

- Unique design ideal for flushing out fluid lines or tubes.
- Brass construction; rubber conical tip; standard 1/4 FPT in-port.

Description	Model
Air Bullet Blow Gun	812
Air Bullet Blow Gun, Display	812-DL
Air Bullet Blow Gun, 12" Ext, Display	812-12-PB
Air Bullet Blow Gun, 24" Ext, Display	812-24-PB
Air Bullet Blow Gun, 36" Ext, Display	812-36-PB

WARNING:

User should exercise caution when using compressed air to blow out any line.

Air Tank Valve

This easy-to-operate valve opens easily to drain any water in the tank. An all-brass construction prevents rust, and factory applied thread sealant enables quick and easy installation.

Description	Model
1/8" MPT Air Tank Valve	DV02
1/4" MPT Air Tank Valve	DV04

- Knurled knob makes opening and closing the valve easy.
- Low-profile design lessens chance of snagging clothing or equipment.
