

Twin Bonded Nylon Air Hose

Twin Bonded Self-Storing Nylon Air Hose provides an efficient way to service applications that require air and fluid transport or air and an exhaust return. The intermittent bond allows fittings to be installed without damaging the individual tubes. One yellow tube and one natural colored tube simplify tube identification. Cut-to-length coils are supplied with swivel fittings that have a pre-applied thread sealant. They are also available in 50' bulk coils without fittings.

FEATURES

- ◆ Excellent for use on overhead cranes.
- ◆ Colored tubes simplify identification.
- ◆ Swivel fittings come with factory applied thread sealant.
- ◆ Natural colored tube allows visual verification of fluid movement.

NOTE: For impact tool applications, we strongly recommend the use of a rigid fitting at the working (tool) end to assure a safer and more durable connection.
